From

The Secretary Commr, Chotalnag

Forwards the correspondence received from the President, Kinyan ml cl in the matter of the levy of a flat rate of Rs 6/- per year on all water connections granted to industrial houses with retrospective effect from 1922-23 & requests for reasons explained that the levy of the rate may be given effect from the current year

1) under s 46 (2) of the ML Regn the ml cl framed at first frame the necessary bye-laws & rules - and referred the matter to the Commissioner of the President of the ml cl at Klang from which it is seen that no bye-laws have been framed in this behalf

2) It is also a moot question whether retrospective levy is permissable Rulg for orders

Seen 6/2

3) The Dr may be told that 4/2 retrospective levy is not possible and that bye laws definitely framed have to be got sanctioned previously by Govt 4) Please put up the file re-Kinyan water supply

6) Land vide to be acquired

Area of 6.71 Acres

7) The Municipal Council propose to levy a flat rate Rs 6/- on all house Connections and they also want to collect the levy with retrospective effect from the year 1922 23

8) Under Section 69 (6) (VIII) of the Municipal Regn the Municipality has power to levy water rate the proviso to that clause requires that the amount collected should not exceed the maintenance charges and the amount required for repayment of the capital outlay

9) In this case the Municipality has to bear only the maintenance charges & they are not required to repay the capital cost (Pl: 2)

10) From the records sent by the Municipality it is not clear whether the anticipated collections under this would exceed or not the recurring charges of maintenance this information should be called for

22) These minor municipalities desire these taxation powers under the Go of 1920 (ZL 7)

23) This Go does not empower minor municipalities to levy water tax

24) It is therefore necessary to empower minor municipalities which have water supply systems to levy a water rate or ~~charge~~ water tax according to ~~the~~ quantity of water supplied

25) This may be done in one of two ways viz

26) (1) By including as item (5) the water rate in the Go of 1920 ~~and inserting Mun[l] Councils to frame rate for each levy in the manner prescribed for~~

Sir

In forwarding herewith the entire records ending with No 26 dated 28th October 1925 received from the President Hiriyur Municipality in the matter of the levy of a flat rate of P 6 per annum on all water connections granted to individual houses in the municipality I have the honor to state that the municipal council who had at first proposed to levy a general water-tax in the town have since abandoned that proposal anticipating a rise in their income from other sources including house-tax stated to have been recently revised They have however resolved to levy a flat rate of P 6 on all house connections with retrospective effect from 1922-23 From the records it is seen that a notice dated 5th September 1925 was published by the council From the President's report it is seen that no objections were preferred by the townspeople protesting against the levy It is also seen that the council had only resolved in favor of the levy before notifying the same Such persons as are already having house-connections are also stated to be agreeable to the levy but as it is doubtful whether the levy can be enforced with retrospective effect as recommended by the municipal council I request that Government may be pleased to accord early sanction to the levy of the rate proposed with effect from the current year (1925-26)
